July 29, 2017: Avidog's Transformational Puppy Rearing: Raising Healthy, Stable Dogs!

July 30, 2017: Avidog's Transformational Puppy Evaluation System: Matching Puppies To Lifetime Homes.

Time: 9 a.m. to 5 p.m. both days

Location and Registration information to come.

SEMINAR DETAILS: What we do in the first months of a dog's life set the stage for its future! Through simple methods, we can change our dog's health and temperament, setting it up for lifetime success. During this fast-paced, fun two-day seminar we will explore canine development from conception on and the specific techniques we can use to bring out the best in every puppy.

DAY 1: *Avidog's Transformational Puppy Rearing: Raising Healthy, Stable Dogs!* will focus on puppy rearing from before conception to 16 weeks. We will investigate what goes on with pups each step of their early lives and how we can influence them so they become healthy, stable dogs, well prepared for their future lives. This seminar presents easy-to-understand research and easy-to-use techniques for raising brave and healthy puppies.

DAY 2: *Avidog's Transformational Puppy Evaluation System: Matching Puppies To Lifetime Homes* introduces the when, what, why and how of puppy and owner evaluations so we can match puppies to homes where they will thrive. How can you determine which pup you should keep? If you are a breeder, how do you pick the right pup for each home? And once you've made your choice, how do you use what you know about each pup to create a tailored socialization plan for it? If you are new to puppy evaluation, you'll find out that it's not as hard as you think. If you've been doing it for years, you'll learn some new tips about this important skill!

Who Should Attend: The seminar has something to offer any serious dog person, including dog **breeders** and **owners** seeking stable, confident canine competitors and companions. Dog **trainers** who test and evaluate individual puppies or entire litters will also benefit.

Avidog Seminar presented by Dr. Gayle L. Watkins, Ph.D.

A weekend with Dr. Gayle Watkins will be filled with stories, ideas and easy-to-use

techniques to bring out the best in every puppy. Gayle has actively shown and bred multi-purpose Golden Retrievers under the Gaylan's kennel prefix since 1979. Over the past 35 years, she has produced, owned and/or shown over 60 American and Canadian conformation, obedience, agility and tracking champions, as well as Master Hunters, Qualified All-Age, and mission-ready Search and Rescue dogs. Her breeding program has also produced over a dozen GRCA Outstanding Dams and Sires. The key to Gaylan's consistent success is the science that underlies the techniques we use to rear litters, evaluate puppies, and match them to homes based on measurable traits. For 15 years, Gayle has been teaching this science and techniques to breeders of all types from around the world. Her fun, fast-paced, easy-to-understand presentation style will introduce you to puppy-raising science and methods so you can use them, too.

"Gayle's intelligence, passion, and commitment, along with her dynamic delivery and wonderful sense of humor, made the days fly by and left me wanting more." – Kelly St Jacques, Kaidan Shelties
